

Datblygiadau Egni Gwledig

“DEG are...excellent at listening to and engaging with communities on a wide range of energy saving and energy generation projects.”
Chris Blake, Director Community Energy Wales & Renew Wales

Engaging with local communities has highlighted that 5 of our communities have potential to:

invest **£5m**
return **£1.15m**
p.a.

1.7mW
generation

400+
community members attending DEG Renewable Energy events

events

- Intro to Hydro
- Developing Community Energy in Anglesey
- Alterntive Finance
- Local Community Energy Networking (x2)
- Community Action Against Climate Change
- External Wall Insulation
- Renewable Energy @ work study visits (x5)
- Green Energy Round Table for Business (x5)

28
communities in north west Wales engaged

“...DEG have encapsulated a number of key areas, linking together community, energy and finance. Their innovative approach to working with communities by upskilling local groups ensures that the benefits of renewable energy projects stay within the communities they support.”

Stuart Bond, Bangor University on awarding DEG their GIFT Award for Sustainable Innovation

GIVING OPPORTUNITIES FOR COMMUNITIES TO COME TOGETHER, SHARE AND LEARN
